VISION AND MISSION

Vision of the Department:

To build a premier cyber security department that inspires and equips students through a sustainable, research-focused education platform, translating contemporary information security practices into practical, innovative solutions that empower them to create resilient and secure digital systems.

Mission of the Department:

The department endeavors to

- Deliver standardized cyber security education that integrates theoretical knowledge with practical skills to meet real-world business demands.
- Forge partnerships through Memoranda of Understanding (MoUs) and Centers of Excellence (CoEs) with the Information Technology sector to provide cyber security graduates with industry-relevant expertise and a strong research orientation.
- Equip students with the creativity and problem-solving skills needed to tackle critical cyber security issues in a dynamic learning environment.
- Cultivate a collaborative and ethical academic culture where students and innovators collectively address industry challenges.
- Prepare graduates to develop scalable cyber security solutions, contributing to the advancement of knowledge for the benefit of society.

PROGRAM EDUCATIONAL OBJECTIVES (PEOs)

1. Leadership and Ethical Practices:
   By creating and overseeing strong security frameworks and adhering to strict moral and legal guidelines, graduates will take the lead in Cyber Security.
2. Expertise in Cyber Security Solutions:
   Graduates will exhibit highly developed technical abilities in spotting, evaluating, and reducing Cyber Security risks with the use of state-of-the-art instruments and methods.
3. Continuous Learning and Global Security Impact:
   Graduates will actively participate in lifelong learning, adapt to tackle new threats, and develop cyber security solutions while also making a positive impact on national and international security.

Staff Internship

Staff Internship on "Introduction to Cybersecurity in UAVs"

Dr.L.Javid Ali Prof & Head CYS,Mr.P.N.Karthikayan AP/CYS and Mr.S.Dinakar Jose successfully completed an internship at Entudio Private Ltd. on the topic "Introduction to Cybersecurity in UAVs." The program provided valuable exposure to the latest concepts in securing Unmanned Aerial Vehicles (UAVs) against cyber threats. Participants gained insights into drone communication security, data protection, vulnerability assessment, and risk mitigation strategies. The internship combined expert-led sessions with practical demonstrations, enabling the participants to understand real-world cybersecurity challenges in UAV systems. It also highlighted the importance of ethical practices and regulatory compliance in the rapidly evolving drone industry. The knowledge and skills acquired through this internship will strengthen our institution's expertise in emerging technologies and support future academic and research initiatives. We congratulate our staff members on successfully completing this enriching professional development program.
