### AWARD OF LETTER GRADES

**Relative Grading  
System – as per  
Anna University**

A relative grading procedure shall be followed for Theory and Theory with laboratory courses.

A fixed grading procedure shall be followed for Project work / Internship and Laboratory courses.

#### 12.1 Relative Grading

For those students who have passed the course (theory course / laboratory integrated courses / theory integrated courses / all other EEC except laboratory course/ Project Work Courses), the relative grading shall be done. The marks of those students who have passed only shall be inputted in the software developed for relative grading. The evolved relative grading method normalizes the results data using the BOX-COX transformation method and computes the grade range for each course separately and awards the grade to each student. (theory course / laboratory integrated courses / theory integrated courses and all other EEC Courses). If the students' strength is greater than 30, the relative grading method shall be adopted.
