COURSE COMPLETION CERTIFICATE

The certificate is awarded to

P Karthikeyan

for successfully completing the course

Introduction to Natural Language Processing

on March 24, 2025

Congratulations! You make us proud!

Issued on: Monday, March 24, 2025
To verify, scan the QR code at <https://verify.springboard.com>

Thirumala Arohi
Executive Vice President and Global Head
Education, Training & Assessment (ETA)
Infosys Limited

Digital Marketing Certified

Kavinmathi V

The bearer of this certificate is hereby deemed knowledgeable and skilled in applying digital marketing practices with an inbound mindset. They have been tested on the content and best practices and have an understanding of creating search engine-friendly content, optimizing a website, creating a social media strategy, using video to engage their audience, amplifying their messaging with advertising, and measuring the results of their efforts.

Valid from: Feb 28 2025 - Mar 30 2026

Certification code: f5352af6b546c5bfcfd3a19381353e

CEO Yamini Rangan

RECOGNITION

Certificate of Excellence

This is to certify that karthikeyan p from St Joseph's Institute of Technology, OMR has won in Artificial Neural Network Quiz organized on Unstop at 7th March 2025.

Sakshi
ORGANIZER

The Department of Artificial Intelligence and Data Science is proud to recognize the outstanding achievements of **P. Karthikeyan, Kavinmathi V, and Damodaran A. R.**, who have enhanced their skills through prestigious training programs and demonstrated their expertise in competitive platforms.

Their accomplishments include:

- Completion of rigorous training programs from **Infosys** and **HubSpot Academy**, strengthening their technical knowledge.
- Winning the Artificial Neural Network Quiz conducted on **Unstop**, showcasing their proficiency in deep learning concepts.
- Participation in **Quiz2Code Challenge 2025**, organized by SRM Institute of Science and Technology, reflecting their problem-solving and coding skills.

STUDENT ACHIEVEMENTS

The Department of Artificial Intelligence and Data Science is proud to share that our student **Joshva** actively participated in the prestigious **Naukri Campus Quiz** focused on **Corporate Governance and Ethics**. This event provided an excellent platform for students to broaden their understanding of ethical practices in the corporate world—an essential complement to their technical education. Through their participation, our students demonstrated their awareness of responsible professional conduct and the importance of integrity in organizational decision-making.

STUDENT ACHIEVEMENTS

NATIONAL SCIENCE DAY CELEBRATION

SCIMIT '25
(A mega project contest)
28th February 2025

Midhun Prakash SR, Mithun Vishwa K, and Mirdula C, second-year students from the Department of Artificial Intelligence and Data Science, participated in the Project Expo as part of the National Science Day Celebration organized by Manakula Vinayagar Institute of Technology, Puducherry, on February 28, 2025. Their innovative project earned them a Consolation Prize with a cash award of ₹3,000/-, recognizing their creativity, problem-solving skills, and dedication to technological advancements.

STUDENT ACHIEVEMENTS

NATIONAL SCIENCE DAY CELEBRATION

SCIMIT '25

(A mega project contest)
28th February 2025

Nithin S, Priyadharshini M, and Pavithra A, second-year students from the Department of Artificial Intelligence and Data Science, showcased their innovative project at the Project Expo as part of the National Science Day Celebration organized by Manakula Vinayagar Institute of Technology, Puducherry, on February 28, 2025. Their exceptional efforts were recognized with a **Consolation Prize and Shield**, highlighting their creativity and technical expertise.

STUDENT ACHIEVEMENTS

Name of the Student	Year	Place
 BHARATHI V	II ADS	 MyGov Campus Ambassador

Name of the Student	Year	Place
 VIMALRAJ R	II ADS	 MyGov Campus Ambassador

Name of the Student	Year	Place
 AVINS VR	II ADS	 MyGov Campus Ambassador

Name of the Students	Year	Place
 JOSHVA D	II Year ADS	 My Gov Campus Ambassador
 PARDHAVI K	II Year ADS	 My Gov Campus Ambassador

Five second-year Artificial Intelligence and Data Science (ADS) students have been selected as **MyGov Campus Ambassadors**, a prestigious role that allows them to actively contribute to nation-building initiatives. As MyGov Ambassadors, they will serve as a **bridge between MyGov and their institution**, promoting government programs, organizing events, and engaging in various educational and awareness activities. This achievement highlights their leadership skills, enthusiasm for civic engagement, and commitment to making a positive impact within the academic and social community.

My Gov Campus Ambassador Roles:

- To Contribute Nation Building measures towards building New India
- To act as a point of contact between MyGov and the Institution.
- To Organize events in sync with MyGov
- To Engage in education activities as defined by MyGov

STUDENT ACHIEVEMENTS

ACHIEVEMENT IN BLAZE A TRIAL 1.0 24-HOURS HARDWARE HACKATHON

Gokul K, III-year Artificial Intelligence and Data Science (ADS) student, along with **Gowtham D** and **Dinesh K**, showcased their technical expertise in **Blaze A Trial 1.0**, a 24-hour hardware hackathon. Their innovative approach and problem-solving skills earned them **2nd place**, along with a cash prize of ₹7,000/-. This achievement highlights their proficiency in hardware development, teamwork, and real-time problem-solving, reinforcing their potential in the field of technology and innovation.

STUDENT ACHIEVEMENTS

ACHIEVEMENT IN BLAZE A TRIAL 1.0 24-HOURS SOFTWARE HACKATHON

Sabareshwaran M, a third-year Artificial Intelligence and Data Science (ADS) student, along with **Renesh Rohan R**, **Ragul P**, **Vishal P**, and **Sam Daniel S**, demonstrated their software development skills in **Blaze A Trial 1.0**, a 24-hour software hackathon. Their innovative solutions and teamwork secured them 3rd place, earning a cash prize of ₹3,000/-. This accomplishment showcases their technical proficiency, problem-solving abilities, and collaborative approach in tackling real-world challenges through software solutions.

STUDENT ACHIEVEMENTS

Barath S, a second-year Artificial Intelligence and Data Science (ADS) student, secured **first prize** at **TECHOFEST 2025**, organized by the **Department of Computer Science & Business Systems** at **Anand Institute of Higher Technology** on **March 14, 2025**. His outstanding performance earned him a **cash prize of ₹1,500/-**, highlighting his technical expertise, innovative thinking, and problem-solving skills in the competition. This achievement reflects his dedication and ability to excel in technology-driven challenges.

STUDENT INTERNSHIP WITH STIPEND

Dhanish Ahmed R, III Year student of Artificial Intelligence and Data Science (ADS), has secured an internship at Fateh as a **Web Development & Digital Marketing Intern**. This internship provides him with hands-on experience in web technologies and digital marketing strategies, enhancing his technical and analytical skills. He is also receiving a stipend of ₹8,000, recognizing his contributions and potential in the field. This opportunity will further strengthen his industry exposure and career growth in the digital domain.

Five III Year Artificial Intelligence and Data Science (ADS) students – **Madhu Sankar S, Kavinmathi V, Bharathi A I, Arockia Franciska W, and Gabriel Alwin Varun** – have secured internships at CIX as **Engineering Interns**. This opportunity provides them with hands-on experience in engineering, software development, and emerging technologies. Additionally, each intern is **receiving a stipend of ₹10,000/-**, recognizing their skills and potential. This internship will significantly enhance their technical expertise, problem-solving abilities, and industry exposure, preparing them for future career opportunities.

STUDENT PAPER PUBLICATION

*The Choice of
Disciplined Toppers*

G. Pardhavika, a second-year student from the Department of Artificial Intelligence and Data Science, and Dr. R. Nirosha, Assistant Professor from the Department of ECE, successfully presented their research paper titled: "Design and Optimization of Carbon Nanotube Based Organic Thin Film Transistors for Transparent and Flexible Displays" at the International Conference on Laser & Other Deposition Techniques (iCOLD25), held at Indian Institute of Technology Hyderabad, Kandi, from March 6 to March 8, 2025.

This research focuses on advancing display technology using carbon nanotubes, contributing to the development of transparent and flexible electronic devices.

Student Workshop

DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

TWO DAYS STUDENT WORKSHOP

06/03/2025 & 07/03/2025

DevOps
Data Science
AI CHATBOTS

The Choice of
Disciplined Toppers

A two-day student workshop was conducted on March 6 & 7, 2025, exclusively for second-year Artificial Intelligence and Data Science (ADS) students. The workshop aimed to enhance students' technical knowledge and practical skills in cutting-edge domains.

Topics Covered:

- **Data Science and Machine Learning** – Fundamentals of data analysis, AI-driven predictions, and real-world applications.
- **DevOps** – CI/CD pipelines, automation, and efficient deployment practices.
- **Robotics with AI** – Integration of artificial intelligence in robotics for automation and intelligent decision-making.

Industry Experts:

- ♦ **Mr. Anup Sahoo** – Cloud Technical Lead, Insight India, Bengaluru
- ♦ **Dr. Lovelyn Rose** – Founder & CEO, LYSA AI, Coimbatore
- ♦ **Ms. Ashwini A** – Associate Software Engineer, Accenture
- ♦ **Mr. Praveen Pandiyan** – CEO & Lead Engineer, Evolve Robot Lab

The workshop provided hands-on learning experiences, industry insights, and mentorship from leading experts, equipping students with practical knowledge essential for their future careers in AI, DevOps, and Robotics.

ACM WOMEN CHAPTER

Inauguration of ACM Women Chapter

The Department of Artificial Intelligence and Data Science inaugurated the ACM-Women Student Chapter on International Women's Day (08-03-2025), celebrating the involvement of women in computing and technology.

Chief Guests:

Dr. Akanksha Agrawal, Assistant Professor, Department of Computer Science and Engineering, IIT Madras and **Dr. B. Yogameena** Professor at NITTTR delivered inspiring speeches emphasizing the contributions of women in technology and the need for inclusivity.

Office Bearers

- | | |
|-----------------------------|---------------------|
| 1. Mr. Joshva D | - Chair |
| 2. Ms. Gopisetty Pardhavika | - Vice-Chair |
| 3. Mr. Tharsan K | - Secretary |
| 4. Ms. Varsini S A | - Membership Chair |
| 5. Ms. Sharmila O | - Treasurer |
| 6. Mr. Sidharthan S | - Joint Secretary |
| 7. Ms. Sanjana B | - Event manager |
| 8. Ms. Samitha S | - Web master |
| 9. Mr. Sidharth | - Research head |
| 10. Ms. Subashini | - Social media head |
| 11. Mr. Blesson Sharon W S | - Design head |
| 12. Mr. Thanveer Haque H | - Technical Head |

The chapter will organize workshops, technical talks, and mentorship programs to enhance skills, promote collaboration, and create opportunities for aspiring women technologists. The event marked a significant step in fostering a supportive environment that encourages students to excel in technology and innovation.

ACM WOMEN CHAPTER

EXPERT TALK & CODE HEROFEST EVENTS

The **Department of Artificial Intelligence and Data Science** successfully conducted **CODE HEROFEST** on **28-03-2025**, an expert talk, fostering problem-solving skills and industry insights for students and an exciting competitive coding event.

Event Highlights

Expert Talk:

Mr. Immanuel M, Principal Infra Developer and Technical Manager – Projects at Cognizant Technology Solutions, delivered an insightful expert talk on **Generative AI (Gen AI)**. He highlighted the advancements in AI-driven automation, its impact on various industries, and the ethical considerations of AI-generated content.

Faculty Sponsor: Dr. Allin Geo V Associate Professor, Department of ADS.

Finalist Coding Challenge:

Five finalists were selected through a lucky draw to solve an medium-level LeetCode problem. They presented their solutions within **5 minutes**, and the jury selected the top three winners.

Coding Contest Winners: St. Joseph's Institute of Technology
Abishek Lawrence – II Year ADS
Mohanraj G – II Year CSE
Privadarshini K – II Year CSE

The event successfully engaged students in competitive coding, improving their analytical and presentation skills. The **expert talk** provided valuable industry perspectives on Gen AI. Moving forward, the department plans to host more hands-on coding sessions, expert discussions, and industry collaborations to enhance students' knowledge and skill sets in AI and technology. The **CODE HEROFEST** event was a remarkable step in fostering a competitive and innovative coding culture among students.

IEI STUDENT CHAPTER

The Department of Artificial Intelligence and Data Science have successfully inaugurated the **Institution of Engineers (India) (IEI) Student Chapter** on **8th March 2025 (11.00 a.m. to 12 p.m.)** at **AV Hall 1, St. Joseph's Institute of Technology**. The event was graced by esteemed guests from **IEI Tamil Nadu State Centre (TNSC)** and **Kancheepuram Local Centre**, including **Dr. V. Karthikeyan (Chairman, IEI TNSC) Principal, Thiagarajar Polytechnic College (Govt. Aided), Salem**, **Er. D. Gokul (Honorary Secretary, IEI TNSC) Senior Scientist at ISRO - Indian Space Research Organization** and **Dr. S. Karthikeyan (Honorary Secretary, IEI Kancheepuram) Professor Sathyabama - School of Electrical and Electronics**. The highlight of the event was the **Badge Distribution Ceremony**, where the newly elected **Office Bearers** received their official badges.

Office Bearers:

- **President:** Balaji. P
- **Vice President:** Hashwanth. R
- **Treasurer:** Varsini. S. A.
- **General Secretary:** Anto Joshua. L
- **Executive:** Tharsan. K

Executive Members:

- Harini. T
- Bharathi. V
- Manoj Kumar. S
- Rishini Dharan. T
- Sanchana Asmi. B

Key Benefits:

- ✓ **Technical Knowledge & Skill Development**
- ✓ **Networking & Industry Exposure**
- ✓ **Career Advancement & Recognition**
- ✓ **Research & Innovation Opportunities**
- ✓ **Leadership & Professional Growth**

IEI STUDENT CHAPTER EVENT

INSTITUTION OF ENGINEERS (INDIA) (IEI) SPONSORED SEMINAR

WORLD WATER DAY CELEBRATION

On the occasion of **World Water Day**, we **St. Joseph's Institute of Technology** hosted an enlightening event **in association** with **The Institution of Engineers (India) (IEI)**, Kancheepuram Local Centre on 23/03/2024. The event was graced by the esteemed presence of **Dr. S. Karthikeyan, FIE, Honorary Secretary, IEI, Kancheepuram Local Centre.**

The highlight of the event was an inspiring lecture by our **Chief Guest, Dr. Dhana Lakshmi M., M.E., Ph.D., Project Scientist II** at the **National Centre for Coastal Research (NCCR), Ministry of Earth Sciences, Government of India.** Her session, titled **"Blue AI: Revolutionizing Ocean Research and Conservation with Machine Learning,"** offered valuable insights into leveraging AI for sustainable Marine Ecosystems.

The event also celebrated innovative idea presentation on **"PIONEERING SOLUTIONS FOR GLACIER PRESERVATION"**. The winners were recognized for their exceptional projects, Certificates and cash prizes were distributed to the top three winners.

1. First Place - Team IceSight

- **Problem Statement:** Glacier monitoring is hindered by climate variability and inaccessible environments. IceSight deploys IoT sensors and AI-driven predictive models to provide real-time insights, enabling proactive climate impact assessment and disaster mitigation.
- **Winner:** Sanjay R [II Year IT]

2. Second Place - Team JetRS

- **Problem Statement:** Glacier prevention using hybrid quantum climate modeling for glacier preservation and a recommendation system.
- **Winners:** Rakshanth J.S and Saravana Kumar T. [II Year ADS]

3. Third Place - Team NeuroStorm

- **Problem Statement:** Glacier Retreat Prediction, GHG Emission Forecasting, and Filter Recommendation with Interactive Visualization.
- **Winner:** Sabarish S. [II Year ADS]

GUEST LECTURE

Department of Artificial Intelligence and Data Science Guest Lecture on Introduction to World of AI and Computer vision

DATE: 14.03.2025

III Year
ADS

- Insights about AI
- Applications of AI
- Evolving AI Technologies
- AI Tools
- GEN AI
- Interactive Q&A Session

Pranav Mahalingam

Associate Engineer

Dhvani Analytic Intelligence, Chennai.

The Department of Artificial Intelligence and Data Science successfully conducted a **guest lecture on "Introduction to the World of AI and Computer Vision"** for Third-year ADS students. The session took place on **14/03/2025** in AV Hall 1 and was delivered by **Mr. Pranav Mahalingam, Associate Engineer at Dhvani Analytic Intelligence, Chennai**. The session was highly interactive allowing students to engage with the speaker and gain valuable industry insights. The knowledge shared in the lecture provided students with a broader understanding of AI and its future scope.

GUEST LECTURE

Department of Artificial Intelligence and Data Science Guest Lecture on A Sneak Peek inside GEN AI

DATE : 17.03.2025

III Year
ADS

- Evolution of AI
 - About generative ai
 - Alexnet 2012 challenge
 - Image classification AI
 - Transformers revolutionizing nlp
 - Black box program
 - Rag(memory)
 - About fathers of chatgpt
 - About his book "THE NEVER MIND"
- Evolution, structure and the future of AI.

Mr. Godwin Josh

Co-Founder | Director of Technology
Altrosyn Technologies

The Department of Artificial Intelligence and Data Science successfully conducted a **Guest Lecture on "A Sneak Peek inside GEN AI"** for Third-year ADS students.

The session took place on **17/03/2025** in AV Hall 1 and was delivered by **Mr. Godwin Josh Co-Founder | Director of Technology Altrosyn Technologies, Chennai**. This session provides an **insightful exploration of artificial intelligence (AI)**, covering its evolution from rule-based systems to deep learning advancements. The session highlights the impact of transformers in NLP, making language models like GPT and BERT more powerful. It also addresses challenges like black-box AI, where models lack transparency, and innovations like Retrieval-Augmented Generation (RAG), which enhances AI memory. The discussion extends to the **different stages of AI—ANI, AGI, and ASI**, along with cutting-edge AI tools like Sesame AI, Claude, and GPT-4.

The Choice of
Disciplined Toppers

The Department of Artificial Intelligence and Data Science at St. Joseph's Institute of Technology organized an **Industry Interaction session on March 25, 2025**, in collaboration with the **National Skill Training Institute, Chennai**, under the Ministry of Skill Development and Entrepreneurship. The session, led by **Mrs. Arul Selvi**, Head of the **Department of Electronics and Communication Engineering (ECE)/Drone Technology**, provided students with valuable hands-on experience, expert guidance, industry-relevant learning, innovation and skill development, and exposure to advanced technologies. Through practical demonstrations and interactions with industry professionals, students gained insights into cutting-edge technologies and their applications in real-world scenarios. This initiative aimed to bridge the gap between academia and industry, equipping students with the necessary skills to thrive in the evolving tech landscape.

SEERA CLASSES

Seera classes were conducted in the Department of Artificial Intelligence and Data Science (ADS) to enhance students' career readiness and professional skills.

The sessions were scheduled as follows:

For Second-Year Students – March 7, 14, and 22, 2025

For Third-Year Students – March 12, 19, and 26, 2025

The training sessions were categorized into targeted areas, including High package placement, ABHS and communication. This focused approach aimed to equip students with essential skills and prepare them for their upcoming career challenges and opportunities.

CLUB ACTIVITY

The Coding Club event was conducted on 12th March, 2025 showcasing the programming skills of students from the Department of Artificial Intelligence and Data Science. **Gokulram S from ADS A secured the First Prize** for his exceptional performance, followed by **Nithish Venkatesan from ADS B, who earned the Second Prize**. **Barath N from ADS A bagged the Third Prize**, demonstrating great coding abilities and problem-solving skills. The event served as a platform to encourage and recognize the technical talents of budding programmers.

4	ROHITSURYA AKRIAMMAN THANIGAIMALAI	1638	496	4433
5	INFANT JOEL E	1553	370	5297

Our students have consistently excelled in coding and problem-solving on SkillRack, securing the top five positions. Their dedication to upskilling has truly paid off. Congratulations to all our achievers for this outstanding accomplishment!

INDUSTRIAL VISIT

DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

INDUSTRIAL VISIT

March 20, 2025

Students visiting **Microsoft** today gained insights into **cutting-edge technologies** like **Generative AI** and **IoT**. They explored **AI-powered solutions** for smart surveillance, traffic management and predictive maintenance. The **visit** provided **valuable industry exposure**, enhancing their **understanding of real-world AI applications**.

Our **II-year ADS C Section** students had the opportunity to go on an **Industrial Visit** on **20/03/2025** to **Microsoft Corporation India Pvt. Ltd., Chennai**. During the visit, students gained valuable insights about Microsoft's work culture, cutting-edge technologies and innovative solutions. The **session also covered real-world applications of AI and Cloud Technologies**, giving students a glimpse into the practical side of the tech industry. This visit provided an excellent learning experience, helping students understand industry expectations and how they can align their skills and knowledge to meet those standards.

INDUSTRIAL VISIT

DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

III Year ADS A & B INDUSTRIAL VISIT March 27, 2025

Industrial Visit to ISRO Sriharikota: This visit provided an in-depth understanding of **India's space missions, satellite launch procedures** and advancements in **aerospace technology**. Students explored the state-of-the-art launch facilities, gaining valuable insights into **rocket propulsion, satellite communication and mission planning**.

On **March 27, 2025**, our third-year Artificial Intelligence and Data Science (ADS) students had the remarkable opportunity to visit **ISRO Sriharikota**, one of India's premier space research centers.

During the visit, **students gained firsthand insights into satellite launching technologies, space research advancements, and AI applications in aerospace engineering**. They explored launch facilities, mission control operations, and cutting-edge innovations in space exploration.

This industrial visit provided students with a deeper understanding of real-world applications of AI and data science in space technology, inspiring them to explore career opportunities in the aerospace sector.

II Year ADS

"Success grows when shared—guiding juniors today creates leaders for tomorrow."

The event provided students with valuable feedback and insights from industry experts, helping them refine their interview strategies and technical knowledge. The department extends its gratitude to the panellists for their time and expertise in mentoring the students.

SD0104-FOUNDATIONS OF DEVOPS

III Year ADS, CSE, IT & EEE

177 student

24/03/2025 to 28/03/2025 Venue: IT Lab 3, CSE Lab 3 & ADS Lab 1

SD0104-Foundations of DevOps

The **Employment Enhancement Course** was successfully conducted for **third-year ADS, CSE, IT, and EEE students**, with a total of **177 participants**. The training took place from **March 24 to March 28, 2025**, across **ADS Lab 1, IT Lab 3, and the CSE Lab 3**.

The Training was delivered by **Industry experts from SYASAN'S**, including **Mr. Parthiban M, Technology Head**, along with **Ms. Vanitha P** and **Ms. Kamala P**, both serving as **Subject Matter Experts**. Their expertise and industry insights provided students with a **comprehensive understanding of DevOps practices and related technologies**, preparing them for real-world applications.

Topics Covered:

- **DevOps Fundamentals** – Introduction to the principles, practices, and benefits of DevOps in modern software development.
- **GitHub** Version control system and collaboration platform for managing code efficiently. **VirtualBox & Vagrant** – Tools for creating and managing virtualized development environments.
- **Docker** – Containerization technology used for automating application deployment.
- **Jenkins** – Continuous integration and continuous deployment (CI/CD) tool for automating software development workflows.

ROHITHKUMAR A R
(Batch 2021 - 25)

Oracle Database Administrator

St. JOSEPH'S
GROUP OF INSTITUTIONS
OMR, CHENNAI - 119

The Choice of
Disciplined Toppers

We are delighted to announce that **Rohith Kumar A R**, a final-year ADS student, has been successfully placed at **Ennvee Technologies** as an **Oracle Database Administrator** with a **package of ₹3 LPA**.

His expertise in database management, SQL optimization, and system administration has played a key role in securing this opportunity. This accomplishment reflects the department's commitment to industry-oriented learning and skill development.

STAFF ACHIEVEMENTS

We are proud to announce that our ADS Department faculty members, Mrs. M. Revathi, Mrs. J. Gold Beulah, Mrs. A. Jenifer, and Mrs. P. Chitra, Mrs.R.Abirami and Mrs. Jenifus participated in the Faculty Hackathon conducted by the Centre for Staff Development at KPR Institute of Engineering and Technology, Coimbatore on 14/03/2025.

Competing against 100 faculty members from 30 teams representing reputed institutions, our faculty team [Mrs. M. Revathi, Mrs. J. Gold Beulah, Mrs. A. Jenifer, and Mrs. P. Chitra] showcased their technical expertise and problem-solving skills, securing an impressive third place in the competition.

This achievement highlights the commitment of our faculty to continuous learning and innovation, further enhancing the academic excellence of the department. Congratulations to our faculty team on this well-deserved success!

STAFF ACHIEVEMENTS

Paper Publications

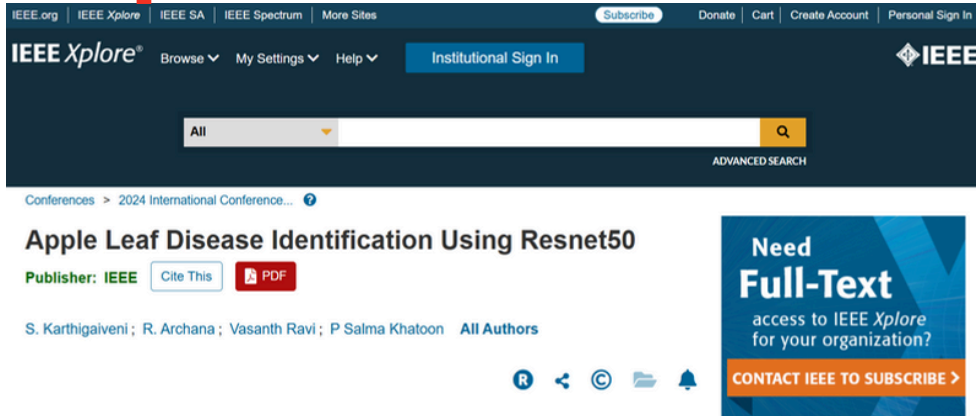

Lakshminarayanan S presented a research paper titled "Bone Fracture Detection Using Transfer Learning and Neural Networks: A Modern Approach" at the Diamond Jubilee International Conference on Contemporary Research in Management and Technology (CRMT 2025) hosted by PSG College of Technology.

The paper explores the application of deep learning techniques in medical imaging, leveraging transfer learning and neural networks to improve the accuracy and efficiency of bone fracture detection. This research contributes significantly to the advancement of AI in healthcare, showcasing innovative solutions for medical diagnostics.

STAFF ACHIEVEMENTS

Paper Publications

Archana R has successfully published two conference papers in esteemed international conferences:

1. Paper Title: Apple Leaf Disease Identification using ResNet50

- **Conference:** International Conference on Innovative Computing, Intelligent Communication, and Smart Electrical Systems (ICSES)
- **Overview:** This research explores the use of deep learning models, specifically ResNet50, to effectively detect and classify apple leaf diseases, contributing to advancements in precision agriculture and plant health monitoring.

2. Paper Title: A Holistic Approach to Network Intruder Detection using Artificial Intelligence

- **Conference:** 2025 International Conference on Intelligent Systems and Computational Networks (ICISCN)
- **Overview:** This study presents an AI-driven approach to enhance network security, utilizing machine learning techniques to efficiently detect and mitigate cyber intrusions, strengthening overall cyber defense mechanisms.

STAFF ACHIEVEMENTS

Paper Publications

The screenshot shows the homepage of the Indonesian Journal of Electrical Engineering and Informatics (IJEET). The header includes the journal title and logos for UAD, UNERP, and IAEES. A navigation bar lists links: HOME, ABOUT, LOG IN, REGISTER, SEARCH, CURRENT, ARCHIVES, and ANNOUNCEMENTS. Below the header, a breadcrumb trail reads: Home > Vol 13, No 1 > Franklin Alex Joseph. The main content area displays the paper title "A Novel Compact CPW-fed Octagonal-Shaped Slotted Antenna for UWB Applications" by Franklin Alex Joseph, B. Jothi, R. Shantha Sheela, N. Anitha, S.B. Priya, and C. Mohan. The DOI is 10.52549/ijeet.v13i1.6062. An abstract is visible, starting with "A size-reduced CPW-fed Ultra-Wideband (UWB) octagonal-shaped patch antenna with a combination of multiple slots designed for UWB applications is proposed here." On the right side of the page, there is a "USER" login section with fields for Username and Password, a "Remember me" checkbox, and a "Log in" button. Below the login section, a "1.5th percentile CiteScore 2023" badge is displayed, powered by Scopus. At the bottom right, there is a "Scimago Journal & Country Rank" badge.

S. B. Priya has successfully published a research paper titled "A Novel Compact CPW-fed Octagonal-Shaped Slotted Antenna for UWB Applications" in the Indonesian Journal of Electrical Engineering and Informatics (IJEET) (ISSN: 2089-3272).

This research presents an innovative ultrawideband (UWB) antenna design, optimized for compactness and high efficiency, making significant contributions to wireless communication and next-generation antenna technology.

R. Gayatri successfully presented a research paper at the First International Conference on Frontier Technologies and Solutions (ICFTS 2025), organized by the IEEE Student Branch Chapter of St. Joseph's College of Engineering in association with the IEEE Madras Section.

Indian Institute of Technology Kharagpur

Mrs. M. Revathi, faculty member of the ADS Department, has successfully completed the NPTEL certification exam in Data Mining, securing an **Elite with Silver** distinction with an outstanding score of **86%** in the **March 2025** examination.

Faculty Development Program

Electronics & ICT Academies
MNIT Jaipur, NIT Patna, IIT Roorkee, IIT Guwahati, IIITDM Jabalpur, NIT Warangal

Faculty Development Programme on
Quantum Technologies & Applications
February 28 - March 22, 2025

Certificate of Completion

This is to certify that **Mrs. M.Praba** of **St.Joseph's Institute of Technology** has successfully completed the 40 hours (3-Credits equivalent) Faculty Development Programme jointly organized by various Academies. During the period, we found her / him to be hardworking, sincere and committed. Her / His performance was **Excellent**. This programme is funded by MeitY and endorsed by DST - NQM / AICTE / UGC .

Mrs. M. Praba, Assistant Professor, Department of ADS, has successfully completed a 40-hour (3-credit equivalent) Online Faculty Development Program (FDP) on Quantum Technologies and Applications, organized by **AICTE, IIT Roorkee, and IIT Guwahati** from February 28 to March 22, 2025.

This FDP covered key aspects of quantum computing, quantum cryptography, and emerging quantum applications, equipping her with advanced knowledge in this cutting-edge domain.

STAFF ACHIEVEMENTS

Faculty Development Programme

Mrs. P. Chitra, faculty member from the Department of Artificial Intelligence and Data Science, successfully participated in and completed a **Faculty Development Program (FDP) on Cyber Security & Ethical Hacking**. The program was held from February 26 to 28, 2025, and was conducted by the Department of Computer Science and Engineering at St. Joseph's Institute of Technology, Chennai. This FDP provided valuable insights into cybersecurity practices and ethical hacking techniques

Paper Publication

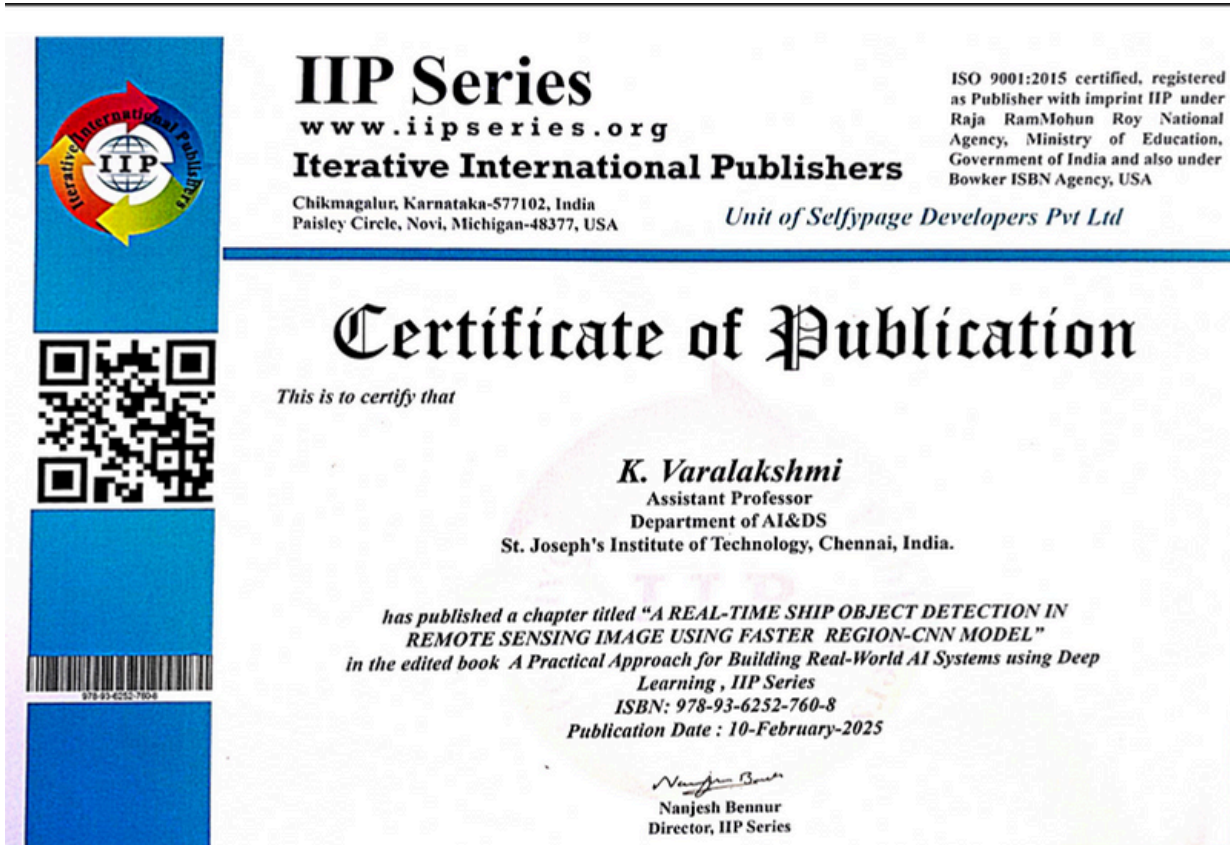

Dr.M.K.Kirubakaran presented a research paper at the 3rd International Conference on Innovative Materials and Smart Solutions for Sustainability (ICIMSSS-24) held at **KSR College of Engineering, Namakkal**. This participation highlights his contribution to advancing research in the field of innovative materials and sustainable solutions, showcasing our faculty's commitment to academic excellence and knowledge dissemination at global platforms.

STAFF ACHIEVEMENTS

BOOK CHAPTER

Mrs. K. Varalakshmi has published a Book titled “A Practical Approach to Building Real-world Systems Using Deep Learning,” which includes her contribution to a Book chapter titled “Real-time Ship Object Detection in Remote Sensing Image using Faster R-CNN Model.”

ISBN No: 13-935826-350-6

Her contribution focuses on developing a real-time ship detection model using the Faster R-CNN algorithm, significantly improving accuracy and efficiency in maritime surveillance applications. This achievement highlights her expertise in deep learning and her commitment to impactful research and innovation.

Inaguration of IEI Student Chapter

The Department of Artificial Intelligence and Data Science at St. Joseph's Institute of Technology proudly inaugurated the **IEI Student Chapter** on **March 8, 2025**. The event marked a significant milestone in fostering technical excellence and professional development among students. Distinguished guests and faculty members graced the occasion, with the traditional lamp-lighting ceremony symbolizing the beginning of an era of innovation and knowledge-sharing. The event featured insightful speeches, felicitation of key contributors, and the introduction of the newly formed student committee. The IEI Student Chapter aims to provide a platform for students to engage in technical events, workshops, and industry collaborations, enhancing their skills and preparing them for the dynamic world of engineering and technology. This initiative underscores the department's commitment to academic excellence and industry readiness.

Inaguration of ACM-Women Chapter

The Department of Artificial Intelligence and Data Science at St. Joseph's Institute of Technology proudly inaugurated the **IEI Student Chapter** on **March 8, 2025**. The event marked a significant milestone in fostering technical excellence and professional development among students. Distinguished guests and faculty members graced the occasion, with the traditional lamp-lighting ceremony symbolizing the beginning of an era of innovation and knowledge-sharing. The event featured insightful speeches, felicitation of key contributors, and the introduction of the newly formed student committee. The IEI Student Chapter aims to provide a platform for students to engage in technical events, workshops, and industry collaborations, enhancing their skills and preparing them for the dynamic world of engineering and technology. This initiative underscores the department's commitment to academic excellence and industry readiness.
