### HIGHER STUDIES

#### HIGHER STUDIES FORUM

One of the most popular carrier options after engineering is to pursue Higher Studies. Higher education helps students to expand their knowledge and become a more qualified Engineer. It allows the student to pursue a career that interests and inspires them. When one chooses the area of interest that inspires them, education becomes an amusement. Students can choose their Higher Education after graduation either in India or abroad.

In order to help the students to acquire necessary information, various seminars and workshops are organized by the Advisory Bureau for Higher Studies (ABHS) in St. Joseph's. These seminars enable the students to obtain the essential facts about the various courses offered by different Universities in overseas. They also back up the students to know about qualifying exams like International English Language Testing Scheme (IELTS), Graduate Record Examination (GRE), Test of English as a Foreign Language (TOEFL), Pearson Test of English (PTE) etc. and their test score required in each Universities to pursue Higher Studies abroad. Overseas Education paves a way for our students to face an international platform. ABHS also gives an insight to students about other qualifying exams like Graduate Management Admission Test (GMAT), Graduate Aptitude Test in Engineering (GATE), Common Admission Test (CAT) etc to pursue their Higher Studies in India.
