

Online Faculty Development Program (FDP) on
"Industry 4.0: Applications of Deep Learning and Artificial Intelligence in Computer Vision"
(20th - 24th July, 2021) Organized by
Department of Information Technology
(Accredited by NBA)

ABOUT COLLEGE

St. Joseph's Institute of Technology is a higher education institution in OMR, Chennai, India, established in the year 2011. Our college is affiliated to the Anna University and approved by AICTE. The courses offered are B.E. - CSE, ECE, EEE & Mech in Engineering. & B.Tech Information Technology, Artificial Intelligence and Data Science. AI & DS is a new course which is been introduced this year. We have been accredited by NBA in 2017 in the shortest span of 6 years since inception.

ABOUT THE DEPARTMENT

The Department of Information Technology was established in the year 2011. The Department objective is to impart an effective education and innovative learning environment to meet professional opportunities in Information Technology and the challenges of real world applications. Our Department has experienced faculty members in the domain of information retrieval, data mining, cloud computing and network security and well experienced faculty members in teaching. The Department is NBA Accredited from the year 2017 within the first 6 years of its inception. The department has excellent infrastructure and R&D facility to provide high quality research and learning education in the field of Information Technology.

ABOUT THE PROGRAMME

The FDP on "Industry 4.0: Applications of Deep Learning and Artificial Intelligence in Computer Vision" Focuses on providing an introduction on the impacts of Deep learning and Artificial Intelligence. The aim is to unite faculty and researchers to be trained in the rapidly growing field of Artificial Intelligence and Deep learning, to interact with multi-disciplines to evaluate, analyze and utilize the vast amounts of

scientific, social and financial data. Experts cover a range of contemporary computing topics and provide with a strong theoretical basis, as well as develop critical analysis and practical skills. This FDP brings you a taste of technology and generate a quick start interest to work with future technologies.
